TUTORIAL, MEETINGS, SOCIAL EVENTS AND ACCESS TO THE CONFERENCE

TUTORIAL

The tutorial “Statistical analysis in Julia” will take place on Wednesday, the 20th of August 2025, 14:00-18:30 (UTC+9) in the Waseda University, 1 Chome-6 Nishiwaseda, Shinjuku City, Tokyo, Building 11, Floor 5, Room 501. It will be delivered by Prof. Mattias Villani, Stockholm University, Sweden. Only participants who have subscribed for the tutorial can attend. Registered participants will be able to access the tutorial either in person or virtually.

SPECIAL MEETINGS by invitation to group members

The EcoSta (Econometrics and Statistics) and CSDA (Computational Statistics and Data Analysis) Editorial Board meetings will take place on Wednesday, the 20th of August 2025, at 18:30. Instructions to attend the Editorial Board meetings will be sent to the associate editors participating in the conference in due course.

ACCESS TO THE CONFERENCE

- Participants can attend virtually or in person according to what they selected while registering.
- The in-person venue is the Waseda University, 1 Chome-6 Nishiwaseda, Shinjuku City, Tokyo, Japan, Buildings 11. Please note that the university opens at 8:00, so you will not be able to enter before that time.
- The **registration** will be located at the entrance hall of Building 11 from 8:00 to 17:00 on Thursday and Friday, and from 8:00 to 14:30 on Saturday.
- The **coffee breaks** will take place in Building 7 (in front of Building 11), ground floor, Rooms 7-3 and 7-7.
- The **welcome reception** will take place at the Waseda University Co-op Okuma Garden House Cafeteria (1 Chome-104-1 Totsukamachi, Shinjuku City).
- The **conference dinner** will take place at the restaurant Cafe Legato (15F E, Space Tower 3-6, Maruyama-cho Shibuya-ku).
- For environmental sustainability reasons, the conference endeavors to minimize paper usage and overall consumption. While there will be a limited number of printed Books of Abstracts, bags, pens, and pads available for those who requested them in their registration, we strongly encourage all participants to opt for digital materials by downloading them onto their personal devices. QR codes will be displayed in the registration area. These codes will enable participants to quickly access essential information, further reducing the need for printed materials and promoting a paperless conference experience.
- The conference is live-streaming, and it will not be recorded. The oral presentations will take place through Zoom, while the virtual social events and poster presentations will run in Gather Town. The conference programme time is set at UTC+9.
- In order to access the virtual conference, you must first log in to the registration tool, get the daily password there and leave the session open. Then you should open another tab and go to the interactive programme (schedule). Click on the slot you wish to attend and then on the session. You will be redirected to Zoom, where you will need to use the daily password.
- Please note that for security reasons, the Zoom links will not be sent to the speakers, and they can only be found on the online interactive programme (schedule).
- Detailed instructions for virtual and in-person attendance, hybrid sessions, speakers, chairs, posters, networking, test sessions, as well as FAQs, can be found on the webpage.

Presentation instructions

The paper presentations must be shared through Zoom. The in-person rooms will be visible in Zoom as the corresponding hybrid session. Virtual speakers should have a stable internet connection, and make sure their video and audio are working. They will share their slides when the chair requires it, present their talk, and be ready to answer the questions after the presentation. Detailed instructions for speakers can be found on the website. Each speaker has 20 minutes for the talk and 3-4 minutes for discussion as a general rule. Strict timing must be observed.

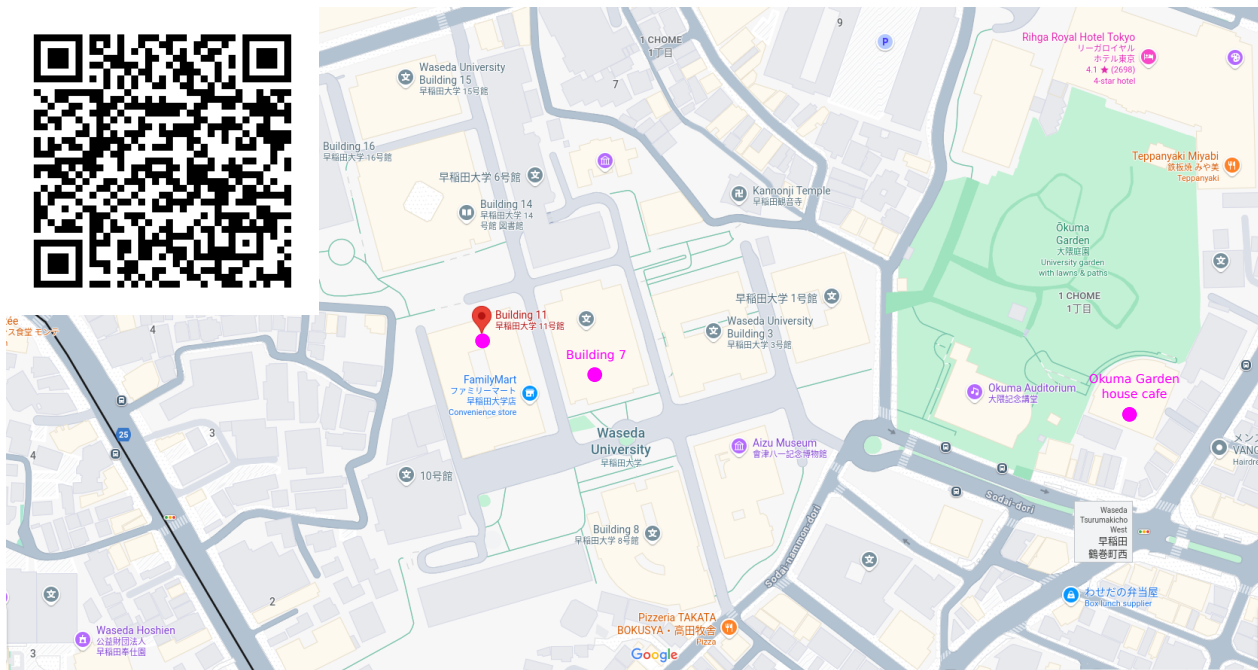

Posters

Posters will be displayed in a common Zoom session and do not need to be uploaded or sent in advance. In-person participants can join the poster session from the room designated in the programme with their devices. The Chair will give time to the presenters to show their posters, which will be rotated sequentially to be seen by the session audience. Presenters may use their time to briefly talk about their posters or simply show them and wait for questions or comments from the audience. Detailed instructions for the poster presentations can be found on the website.

Session chairs

Session chairs are responsible for introducing the session, the speakers, making sure that virtual and in-person participants can listen and see the talks and coordinating the discussion time. A member of the conference staff, identified by the name *Angel* followed by a number, will assist in giving the rights to participate as the chair requests it. If any speaker is missing or has a technical problem, the chair can move on the next speaker and come back later to resume if possible. Detailed instructions for the (virtual or in-person) session chairs can be found on the website.
